RESIDENTIAL BUILDING PERMIT
MAINTAIN LEGALIZE BUILT PRIOR
INSTRUCTIONS

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

No application shall be deemed complete unless it meets the information requirements listed within these permit instructions: **A \$125 application fee and built prior without permits surcharge according to approved fee schedule are to be paid upon submission.** Additional fees are due upon approval of the permit. A portion of the required additional permit fees are based on cost of construction as per current industry average construction costs. **All fees are non-refundable.**

Maintain / Legalize Built Prior Building Permit Application Packages include:

- Building Permit Application Form - notarized signatures required
- Nassau County Assessment Sheet – **MUST BE FILLED OUT AND SIGNED BY HOMEOWNER**
- Short Environmental Assessment Form –
- Plumbing Permit Application Form – submitted by plumber if plumbing work (gas, supply water, drainage)
- Electrical Application – “closed wall/as built” survey on Electrical Inspection Agency Application form can be submitted by home owner if electrical work, new remediation work requires licensed electrician
- Architects/Engineers Affidavit A-6 (if drawings signed and sealed)
- Owners Affidavit A-5
- Residential Smoke Detector & Carbon Monoxide Affidavit
- Truss/Pre Engineered Lumber Form (if required)
- Additional Information as described below
- **Please note:** All contractors for any new remediation work must be licensed with the Village of Malverne
- Applications inactive for six months will be returned.
- Refer to the Malverne Village Zoning Code and Building Code for further information.
- All applications are subject to possible Zoning Board of Appeals & Architectural Review Board approvals

Maintain / Legalize Built Prior permits are subject to the same application requirements as New Work with addition to the following:

- Submit one set of pictures (interior and exterior) clearly depicting the structure(s) to be maintained from different angles.
- State on drawings or letter with notarized signature addressed to the village the year the structure(s) was built to the best of knowledge. Submit copies of receipts, bills, invoices, notarized affidavits of witnesses, etc. as evidence.
- Any changes to the foot print of structures on the lot shall require an updated final survey at time of application. For example Decks, Additions, Pools, Dormers, Porticos, Accessory buildings.
- Upon inspections and plan review, remediation work may be required to the existing structure(s). Major remediation work will require a separate building permit for the new work. (Please note: All contractors must be licensed with the Village of Malverne).

Please contact the Building department if you shall have any questions.

MAJOR RESIDENTIAL BUILDING PERMIT
NEW WORK
INSTRUCTIONS

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

No application shall be deemed complete unless it meets the information requirements listed within these permit instructions: **A \$125 application fee** due at the time of submission. Additional fees are due upon approval of the permit. A portion of the required additional permit fees are based on cost of construction as per current industry average construction costs. **All fees are non-refundable.**

Major Building Permit Application Packages include:

- Building Permit Application Form - provide all contractors information, requires notarized signatures
- Nassau County Assessment Sheet – **MUST BE FILLED OUT AND SIGNED BY HOMEOWNER**
- Short Environmental Assessment Form
- Plumbing Permit Application Form – completed by plumber, if plumbing work (gas, supply water, drainage). Village plumbing permit application available on line or at Village Hall.
- Electrical Application – completed by electrician, if electrical work. Village electrical application available on line or at Village Hall.
- Architects/Engineers Affidavit A-6
- Owners Affidavit A-5
- Residential Smoke Detector & Carbon Monoxide Affidavit
- Truss/Pre Engineered Lumber Form (if required)
- Storm Water Management Permit Application for projects with land disturbing area of 500 or more sq. ft.
- Additional Information as described below.
- **Please note: All contractors must be licensed with the Village of Malverne.**
- Applications inactive for six months will be returned.
- All applications are subject to possible Village Architectural Review Board ARB approval (hearings once a month). Applications subject to may provide two sets of signed and sealed floor plans, exterior elevations, plot plan and zoning calculations, and any other drawings necessary to construe the design at initial submission. See ARB submittal requirements sheet after initial review by superintendent.
- All applications are subject to possible Zoning Board of Appeals ZBA approval (hearings once a month). For preliminary review for Zoning Board denial letter please provide two sets of signed and sealed floor plans, exterior elevations, plot plan and zoning calculations, and any other drawings necessary to construe zoning nonconformance. Zoning approval must be completed prior to ARB review. See ZBA submittal requirements sheet after initial review by superintendent.
- Refer to the Malverne Village Zoning Code and Building Code for further information.
- Sheds under 100 square feet and Decks/Patios lower than 10" above average grade do not require a permit but are required to adhere to zoning requirements.

Examples of Major Building Permit applications include but are not limited to the following:

- **New Homes:** ARB review required. Submit two sets of NYS Architect or Engineer signed and sealed detailed construction drawings / plans of the proposed structure. As per Malverne Zoning Code, a full Zoning Calculation Analysis depicting Total Lot Coverage percentage and Floor Area Ratio FAR must be on the drawings as well as a plot plan showing the proposed location of the structure and include set back measurements to property lines. Include two (2) copies of a current, accurate, and legible survey of your property. Two sets of Energy calculations via REScheck or equal. Include Plumbing Permit Applications (one for heating system, one for plumbing fixtures) and Electrical Permit application. A final survey is required prior to issuance of Certificate of Occupancy. The following are under a separate permit: demolition, HVAC central air, hot air furnaces, fences, tree removal, sewage and water connections, and swimming pools.

MAJOR RESIDENTIAL BUILDING PERMIT
NEW WORK
INSTRUCTIONS

- **Additions/Dormers:** ARB review required. Must include 'to scale' floor plans of the existing conditions. Submit two sets of NYS Architect or Engineer signed and sealed detailed construction drawings / plans of the proposed structure. As per Malverne Zoning Code, a full Zoning Calculation Analysis depicting Total Lot Coverage percentage and Floor area Ratio FAR must be on the drawings as well as a plot plan showing the proposed location of the structure and include set back measurements to property lines. Include two (2) copies of a current, accurate, and legible survey of your property. Two sets of Energy calculations via REScheck or equal. Must include Plumbing Permit Applications (one for heating system, one for plumbing fixtures) and Electrical Permit application. A final survey is required prior to issuance of Certificate of Occupancy. The following are under a separate permit: HVAC central air, hot air furnaces, fences, tree removal, swimming pools.
- **Decks (greater than 10 inches above average grade) and Open or Enclosed Porches/Covered Patios:** Submit two sets of NYS Architect or Engineer signed and sealed detailed construction drawings / plans of the proposed deck. As per Malverne Zoning Code, a full Zoning Calculation Analysis depicting Total Lot Coverage percentage and Rear Yard Coverage percentage must be on the drawings as well as a plot plan showing the proposed location of the deck and include set back measurements to property lines. Include two (2) copies of a current, accurate, and legible survey of your property. Must include Electrical Inspection Agency's application if any electrical work. A final survey is required prior to issuance of Certificate of Completion. Tree removal under separate permit. ARB review may be required for porches.
- **Swimming Pools (above ground and in ground):** Submit two (2) copies of NYS Architect or Engineer signed and sealed plot plan showing the proposed location of the pool and all pool equipment, pumps, filters, heater with setback measurements to all property lines. As per Malverne Zoning Code, a full Zoning Calculation Analysis depicting Total Lot Coverage percentage and Rear Yard Coverage percentage must be on the drawings. Include two (2) copies of a current, accurate, and legible survey of your property. Requires two (2) copies of the pool manufacturer's specifications signed and sealed shop drawings with dimensions. Must include Plumbing Permit Application (if any plumbing work for gas to heaters) and Electrical Inspection Agency's application. Fences shall require a separate fence permit. A final survey is required prior to issuance of Certificate of Completion. Tree removal under separate permit.
- **Detached Garages / Other Accessory Structures (greater than 100 sq. ft.):** Submit two sets of NYS Architect or Engineer signed and sealed detailed construction drawings / plans of the proposed structure. As per Malverne Zoning Code, a full Zoning Calculation Analysis depicting Total Lot Coverage percentage and Rear Yard Coverage percentage must be on the drawings as well as a plot plan showing the proposed location of the structures and include set back measurements to property lines. Include two (2) copies of a current, accurate, and legible survey of your property. Must include Electrical Inspection Agency's application if any electrical work. A final survey is required prior to issuance of Certificate of Completion. Tree removal under separate permit. No habitable space is allowed in accessory structures. Certain detached garage designs are pre-approved and ARB review is not required.

Please contact the Building department if you shall have any questions.

MINOR RESIDENTIAL BUILDING PERMIT
NEW WORK
INSTRUCTIONS

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

No application shall be deemed complete unless it meets the information requirements listed within these permit instructions: **A \$125 application fee** due at the time of submission. Additional fees are due upon approval of the permit. A portion of the required additional permit fees are based on cost of construction as per current industry average construction costs. **All fees are non-refundable.**

Minor Building Permit Application Packages include:

- Building Permit Application Form - provide all contractors information, requires notarized signatures
- Nassau County Assessment Sheet – **MUST BE FILLED OUT AND SIGNED BY PROPERTY OWNER**
- Short Environmental Assessment Form –
- Plumbing Permit Application Form – submitted by plumber if plumbing work (gas, supply water, drainage)
- Electrical Application – submitted by electrician on Electrical Inspection Agency Application form if electrical work
- Architects/Engineers Affidavit A-6 (if drawings signed and sealed)
- Owners Affidavit A-5
- Residential Smoke Detector & Carbon Monoxide Affidavit (if required)
- Truss/Pre Engineered Lumber Form (if required)
- Additional Information as described below
- **Please note:** All contractors must be licensed with the Village of Malverne
- Applications inactive for six months will be returned.
- Refer to the Malverne Village Zoning Code and Building Code for further information.
- All applications are subject to possible Zoning Board of Appeals approval.
- Sheds under 100 square feet and Decks/Patios lower than 10" above grade do not require a permit but are required to adhere to zoning requirements.

Examples of Minor Building Permit applications include but are not limited to the following:

- **Kitchen Renovations:** Must include two copies of a 'to scale' floor plan of the existing layout and the new layout and extent of new finishes, drywall, and insulation. (Cabinet maker drawing acceptable). Show any existing/new windows, doors, wall openings. Must include Plumbing Permit Application and Electrical Inspection Agency's application. Any changes to existing structural walls may require two (2) copies of detailed construction drawings/plans, signed and sealed by a NYS architect or engineer.
- **Bath Renovations:** Must include two copies of a 'to scale' floor plan of the existing layout and the new layout and extent of new finishes, drywall, and insulation. Show any existing/new windows, doors, wall openings. Must include Plumbing Permit Application and Electrical Inspection Agency's application. Any structural changes to existing walls require two (2) copies of detailed construction drawings/plans, signed and sealed by a NYS architect or engineer
- **Finished Basements for Habitable Space:** If the basement is to be used for habitable space such as a recreation room, office, bedroom, media room, study, playroom or exercise room two sets of NYS Architect or Engineer signed and sealed detailed construction drawings / plans must submitted which show all dimensions, type of walls, ceiling and soffit heights, smoke and carbon monoxide detectors, doors and window sizes, fresh occupant air requirements, combustion air requirements to boiler/furnace/water heater, and detail mandatory secondary emergency egress opening(s) with window well which shall meet NYS Code requirements. Must include Plumbing Permit Application (if any plumbing work) and Electrical Inspection Agency's application. New Exterior Basement stairs as emergency egress are not permitted unless approved by the Village Trustees at a special hearing.

FAX: 516-823-0767
MINOR RESIDENTIAL BUILDING PERMIT
NEW WORK
INSTRUCTIONS

- **Finished Basements for Storage**: If the basement is to be used for non-habitable space such as a storage room only, two sets of detailed construction drawings/plans must be submitted which show all dimensions, type of walls, ceiling heights, smoke and carbon monoxide detectors, doors and window sizes, combustion air requirements to boiler/furnace/water heater. A notarized affidavit by the property owner stating it will be used only for storage, must be submitted. Must include Plumbing Permit Application (if any plumbing work) and Electrical Inspection Agency's application.
- **Front Porticos**: If under 48 square feet. Submit two sets of NYS Architect or Engineer signed and sealed detailed construction drawings/plans of the proposed roof and or landing and steps. Must include a plot plan showing the proposed location, size and square footage and include set back measurements to property lines. Include two (2) copies of a current, accurate, and legible survey of your property. Must include Electrical Inspection Agency's application if any electrical work. A final survey is required prior to issuance of Certificate of Completion.
- **Solar Panels**: Must provide two (2) completed copies of the Long Island Unified Solar Permit Initiative document (available at Malverne Village Hall), two (2) copies copy of equipment cut sheets (specifications, i.e.: size, weight load), roof plan showing panel locations, two (2) copies of NYS Architect or Engineer signed and sealed letter stating existing roof structure can handle the newly imposed loads of the system or detailed construction drawings depicting the new reinforcement. After construction, a notarized affidavit from the installer stating that the installation was as per the approved plans and as per all applicable NYS Codes is required. Must include Plumbing Permit Application (if any plumbing work) and Electrical Inspection Agency's application.
- **Windows / Exterior Doors (new locations or replacement)**: Provide make and model number, type, number of windows and or doors on application and provide energy code info 'U' value. Any structural changes to existing walls for larger than existing or new openings shall require two (2) sets of detailed construction drawings/plans, signed and sealed by a NYS architect or engineer.
- **Landings, Stoops, Steps for Egress only (not a deck or porch)**: Must include two (2) sets of detailed construction drawings / plans of the proposed. Two (2) copies of a current, accurate, and legible survey of your property. Drawings may need to be stamped by a NYS Architect or Engineer depending on scope (see Superintendent). A final survey may be required prior to issuance of Certificate of Completion.
- **Interior Alterations**: Must include two (2) sets of detailed construction drawings / plans of the proposed. Drawings may need to be stamped by a NYS Architect or Engineer depending on scope (see Superintendent). Must include Plumbing Permit Application (if any plumbing work) and Electrical Inspection Agency's application.
- **Hot Tubs**: Submit two (2) copies of plot plan showing the proposed location of the hot tub. Include two (2) copies of a current, accurate, and legible survey of your property. Requires two (2) copies of the hot tub manufacturer's specifications and dimensions. Must include Plumbing Permit Application (if any plumbing work for gas to heaters) and Electrical Inspection Agency's application. If hot tub does not have lockable safety cover then fences shall require a separate fence permit. Tree removal under separate permit. A final survey is required prior to issuance of Certificate of Completion.
- **Geo-Thermal** (HVAC, swimming pool heating, and domestic water heating): Must meet all New York State Code requirements and New York State Dept. of Environmental Control specifications; Include two (2) copies of a current, accurate, and legible survey of your property and signed and sealed Plot Plan indicating well location(s). Submit with electric and plumbing permit applications.

Please contact the Building department if you shall have any questions.

Building Permit # _____

SS:

County of Nassau

Plumbing Permit # _____

I _____ am the owner of real property located at:

_____ Malverne, New York.

I hereby attest the premises is a one or two family dwelling and affirm that in accordance with the provisions of Section R314 of the 2020 Residential Code of New York State, smoke detectors have been installed, maintained, and are in operable condition in the dwelling as noted below.

1. Outside each separate sleeping area in the immediate vicinity of the bedrooms.
2. In each room used for sleeping purposes.
3. In each additional story within the dwelling unit, including basements and habitable attics, while excluding crawl spaces, and uninhabitable attics.
4. Interconnection of all smoke alarms shall be mandatory when interior wall and ceiling finishes are removed to expose the structure and or there is an attic, crawl space, or basement available that could provide access for interconnection. Approved wireless units are also acceptable.

I hereby attest that in accordance with the provisions of Section R315 of the 2020 Residential Code of New York State and Section 915 of the Fire Code of New York State, carbon monoxide detectors have been installed, maintained, and are in operable condition in the dwelling where a carbon monoxide source exists as noted below. Sources include but are not limited to gas or oil fired boilers, furnaces, and water heaters, wood or gas fireplaces, wood or coal stoves, and attached garages.

1. Outside each separate sleeping area within 10 ft. of the entrance to the sleeping area/ bedrooms.
2. If there is a carbon monoxide source in the bedroom or an attached bathroom there shall be one located in the bedroom.
3. Approved combination smoke alarms / carbon monoxide detectors are acceptable.

MAINTAIN EXISTING CONDITIONS AFFIDAVIT

Date: _____

Property Owner: _____

Address of Premises: _____

Although it is not permitted, it is established that from time to time, property owners seek a Letter in Lieu of Certificates of Occupancy or Compliance for work, which has already been completed, without the benefit of scheduled inspections. The Village of Malverne Building Department retains the absolute right to require that all or parts of such work be removed to allow full inspection of closed and concealed areas, at the discretion of the building inspector.

As an alternative, the Village may attempt to complete its inspections without requiring such removals at the request of the property owner. In such cases, the property owner is hereby cautioned that completed work often conceals materials significant to the structure and that the building department cannot verify that it meets the minimum requirements of the building codes that was in affect at the time of its construction. Property owners not opting to expose covered and concealed areas assume full liability and responsibility for any defects.

By signing below, I the property owner, agree to not expose covered and concealed areas, and I relieve the Village of Malverne from any liability whatsoever in connection with any construction not accessible to visual inspection. Nevertheless, please note that in certain instances it may be a requirement to reveal areas pertinent to life safety.
